g A medical care program for recipients of public assistance was put into effect in California in October 1957 and all expenditures for services received under this program are reported as "Medical Care." Medical care allowed as special needs in recipients' grants prior to October 1957 and grant allowances for services not covered by the Medical Care program after October 1957 are included in "Subsistence"; data on expenditures for these medical services are not available. Public Assistance Medical Care program terminated February 28 1966. Expenditures made under the California Medical Assistance Program beginning March 1, 1966, are not included in the above.

h Based on recipients eligible for Public Assistance Medical Care.

i Sum of average subsistence cost for twelve months and average medical care cost for eight months.

a. Recipients less than 65 years old were included in period January 1949–February 1950 (12,091 monthly average).
b. Aid to Potentially Self-Supporting Blind program effective July 1, 1941.
c. Aid to the Disabled program effective October 1, 1957.
d. Total persons count (adults plus children). Because statistical reporting of data was limited to family case and children counts until the latter part of 1962, the total persons count prior to that given for December 1962 is made up of the sum of estimated adult counts and actual children counts.
e/ Aid to Families with Dependent Children–Unemployed program effective February 1, 1964.
