4. Identification of tables

a. Tables 1 through 4 contain the names, abbreviations, DDN addresses, and mailing addresses for the MACOMs (table 1), unified commands (table 2), and specified command (table 3) for which the Army is the lead agency, and other commands, agencies, and service with installation or activity jurisdiction (table 4).

b. Tables 5 through 17 contain the titles, office symbols, building names, DDN addresses, and mailing addresses of the Army Secretariat and staff elements and those activities administered directly by Headquarters, Department of the Army (HQDA). To use this portion of the listing, look up the desired element table and read down the listing until the required office title is found. Read across the list for the desired information.

(1) Correspondence and mail within the Pentagon should be addressed using the office symbol format. The office symbol (and action officer's name, if applicable) are shown on the first line (for example, DAMO–FDZ/MAJ Smith) and the building name is placed on the second line (Pentagon). No third line is necessary.

(2) Correspondence and mail to and from HQDA should have the office symbol (and action officer's name, if applicable) in parentheses on the first line after "HQDA." For example, HQDA(DAMO–FDZ) or HQDA(DAMO–FDZ/MAJ Smith). The last line should show the postal address.

(3) If the addresses listed in the tables are preceded by an asterisk (*), standard addressing should be used.

c. Tables 18 through 39 contain the titles, office symbols, DDN addresses, and mailing addresses of the HQDA staff elements and major subordinate activities of the MACOMs, the unified commands for which Army is the lead agency, and other Army commands and agencies.
