TRAINING AND INSTRUCTION BRANCH, WAR PLANS DIVISION, GENERAL STAFF.

1. This training circular contains titles of publications required for study and reference in the special and tactical training and instruction of divisions and other organizations.

2. The fact that the title of some publication is not contained herein does not mean that such a publication is obsolete, but it is intended that this list contain those publications deemed essential in the training and instruction of the organizations of the various branches of the service.

3. From time to time new publications will be issued; these should be added to this list.

4. The distribution of the publications named herein is regulated by lists furnished The Adjutant General. This distribution does not, in all cases, reach every officer of the army.

5. Some of the publications listed are printed by the A. E. F. and, as soon as copies are available, distribution in the United States will be made.
