SECTION I
INTRODUCTION

1. Scope

This hand receipt manual provides a listing on a preprinted DA Form 2062 (Hand Receipt) of accountable component and support items and troop installed or authorized items related to the M88A1 recovery vehicle.

2. General

Section I of this manual is an overprinted DA Form 2062 consisting of a listing of component and support items and troop installed or authorized items extracted from TM 9-2350-256-10. The listings consist of exactly the same items and are in the same sequence as the listings in the operator's manual. The overprinted DA Form 2062 will aid the property accountability officers in preparation of hand receipts referred by AR 710-2. Local reproduction of the overprinted DA Form 2062 is authorized. Units should insure that local policies are adhered to in respect to the reproduction of the DA Form 2062 by local office copying equipment; field printing plant; and duplicating plant facilities. Liberated Manuals -- free army and government manuals

Why do I do it? I am tired of sleazy CD-ROM sellers, who take publicly available information, slap “watermarks” and other junk on it, and sell it. Those masters of search engine manipulation make sure that their sites that sell free information, come up first in search engines. They did not create it... They did not even scan it... Why should they get your money? Why are not letting you give those free manuals to your friends?

I am setting this document FREE. This document was made by the US Government and is NOT protected by Copyright. Feel free to share, republish, sell and so on.

I am not asking you for donations, fees or handouts. If you can, please provide a link to liberatedmanuals.com, so that free manuals come up first in search engines:
