[redacted]

LOGISTICS DIVISION (MACSOG-40)

MISSION

1. To advise and assist Chief, SOG in all logistics matters relating to base master planning and construction, logistics policies, plans, systems, organization, procedures, and facilities relative to the successful employment of MACSOG operational forces.

2. Provide logistical support to all MACSOG activities.

FUNCTIONS

DIRECTOR

1. Acts as principal advisor to Chief, SOG in all matters relating to base master planning and construction, logistic policies, plans, organization and procedures pertaining to employment of forces assigned to MACSOG.

2. Supervises and directs MACSOG logistics staff in the initiation, development and presentation of matters pertaining to logistic studies, systems, organization, plans, policies, procedures and facilities for the support of forces assigned to MACSOG.

3. Supervises the preparation and maintenance [redacted] DATA employment of forces assigned to MACSOG.

4. Recommends logistic priorities to support MACSOG operations and ensures allocation of supplies in accordance with established priorities.

5. (U) Monitors and exercises staff supervision over the utilization, employment and effectiveness of logistic resources made available to MACSOG.

6. (U) Prepares directives pertaining to logistic activities of MACSOG to include requisitioning, procurement and distribution of supplies and equipment.

7. (U) Maintains necessary liaison and coordinates logistics activities with other US commands and/or agencies.

DEPUTY (PLANS)

1. Prepares logistic pla[redacted] operations and forecasts requirements on the basis [redacted] within guidelines established by the Director, Logistics [redacted] ations to determine unforeseen logistic requirem[redacted]

[redacted]

[redacted]

2. (U) Responsible for the internal management of the logistics staff and monitors the operation and activities of the Supply Branch (Room 50).

ADMINISTRATION BRANCH

1. (U) Reviews and routes all incoming and outgoing correspondence and publications, including classified material.

2. (U) Prepares correspondence for the Logistics Division.

3. (U) Responsible for the requisition and distribution of supplies and office equipment for support of the Logistics Division.

OPERATIONS SUPPORT BRANCH

1. Chief (Research and Development).

   a. (U) Coordinates with the R&D community on all matters pertaining to new weapons and items of equipment.

   b. Ensures that new developments are made available to the field for test and operational use with minimum delay.

2. Material Section.

   a. Responsible for staff surveillance of supply functions of subordinate activities.

   b. Responsible for determining proper channels for obtaining non-standard or limited availability items and furnishing this information to subordinate commands.

3. Logistics Section.

   a. (U) Responsible to Director, Logistics for staff surveillance of all transportation matters within MACSOG.

   b. (U) Provides advice and assistance on all transportation matters to MACSOG staff elements as appropriate.

   c. (U) Monitors and reviews all MACSOG movement systems and programs.

SUPPLY BRANCH [redacted]

1. (U) Receives and analyzes requirements for supplies and equipment and determines source for requisitioning or purchase.

[redacted]

2. (U) Responsible for requi[redacted] storage and issue to using activities of all items of supply and equipment required for support of MACSOG activities.

3. (U) Receives and processes repairables from using activities for repair and return to user, or to military supply channels.

4. (U) Administers local purchases of supplies and equipment as required.

CONSTRUCTIONS AND UTILITIES BRANCH

1. (U) Provides staff assistance for base master planning.

2. Provides staff surveillance over MACSOG construction program.

3. (U) Provides staff assistance for negotiating leases and real property use agreements.

MEDICAL BRANCH

1. (U) Monitors and supervises medical care and sanitation of all MACSOG units.

2. (U) Advises the Director, Logistics of medical factors which may affect current and proposed operations.

3. [redacted] DATA

4. (U) Plans medical support for MACSOG operations.

5. (U) Advises Chief, MACSOG on the status of the health of the command.

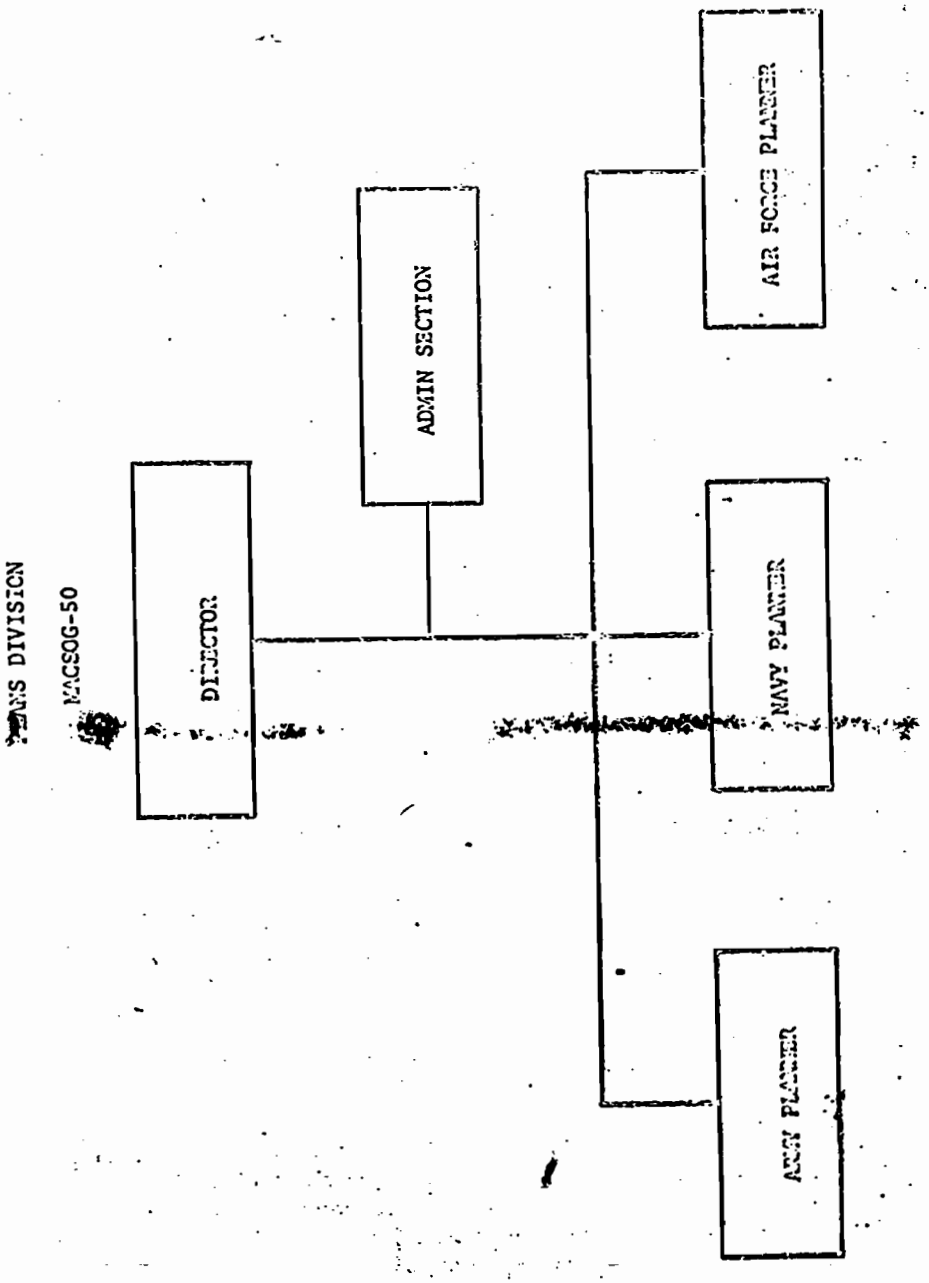

AIR RESUPPLY BRANCH

Provides support packages and air resupply packages for aerial delivery to airborne operations teams, agents, and reconnaissance teams.

[redacted]

MARITIME STUDIES GROUP (MACSOG-37)

FUNCTIONS

COMMANDER

1. Exercises under direction of Chief, SOG operational and administrative command functions of the DaNang Base facilities and US personnel stationed there.

2. Advises, assists and supports the GVN and RVN Armed Forces to plan, coordinate, and implement special operations and missions.

3. (U) Coordinates activities of the SOG with other US forces as decided by Chief, SOG.

4. (U) Promulgates policy guidance and implementing instructions for the internal management of the DaNang Base, its facilities and personnel.

OPERATIONS AND TRAINING BRANCH

1. Prepares detailed maritime plans to implement missions and outline plans as promulgated by SOG.

2. Recommends policies and doctrine and formulates guidance and SOP under which operational elements will train and conduct operations.

3. Coordinates operations and exercises with Seal/Recon and Boat Training and Repair Branches.

4. Provides advisory support and assistance to the operational and planning offices of other US commands and agencies.

5. (U) Maintains permanent files of the Operations and Training Branch.

6. Maintains liaison with the operational and planning offices of other US commands and agencies.

7. Anticipates, requests, collects, collates and disseminates required intelligence necessary for operational planning.

8. Promulgates overall training requirements for RVN and mercenary boat crews.

9. Ensures mission [redacted] crew personnel.

[redacted]

10. Conducts team operational [redacted] and debriefings.

11. Establishes training requirements, ensures operational security, and provides for health and welfare of agent personnel.

SEAL/RECON BRANCH

1. Trains agent and team personnel in the Seal/Recon mission for operational employment as OIC US Naval Advisory Detachment (NAD) may direct.

2. Schedules training exercises, maintains direct supervision over training [redacted] DATA

3. Plans and conducts training, dress rehearsals, selects and forms teams, with concurrence of Chief, Operations and Training Branch motivates agent personnel.

4. (U) Submits training schedule to NAD Chief, Operations and Training Branch.

5. (U) Provides advisory support and [redacted] DATA

6. Assists in operational briefings and debriefings.

7. Prepares detailed operation orders for teams to implement missions assigned.

8. (U) Ensures pertinent training records are maintained reflecting operational status of teams.

9. (U) Ensures team training curricula are designed to maintain operational readiness of teams.

SUPPORT BRANCH

(U) Responsible for all supply administration and support of the DaNang Base. This involves finance, logistics and subsistence of US military, third country nationals and VN civilian personnel.

SECURITY BRANCH

1. Arranges for the compartmentation of US, third country and Vietnamese personnel as well as [redacted] facilities and billets.

2. Arranges for security [redacted] ing and maintenance of files for specified perso[redacted]t of a pass system.

[redacted]

[redacted]

[redacted]

3. Ensures operational security of [redacted] and facilities and for the protection of craft, equipment and facilities to ensure security of special communications equipment.

4. (U) Establishes professional liaison with local Vietnamese and US military security units.

5. Provides for the establishment of a duty officer system; established communications security measures for various types of communications system

6. Briefs selected US personnel PCS or TDY in DaNang area; assists in the briefing and debriefing of various types of personnel departing on or returning from operational missions.

7. MT

PUBLIC WORKS BRANCH

(U) Responsible for the administration of the DaNang Base in matters relating to motor transport, utilities, facility maintenance and coordination. Maintains liaison and coordinates with other Public Works activities in the area.

ADMINISTRATIVE BRANCH

(U) Exercises, promulgates and processes administrative matters pertaining to personnel and organization of NAD. Supervises medical personnel assigned.

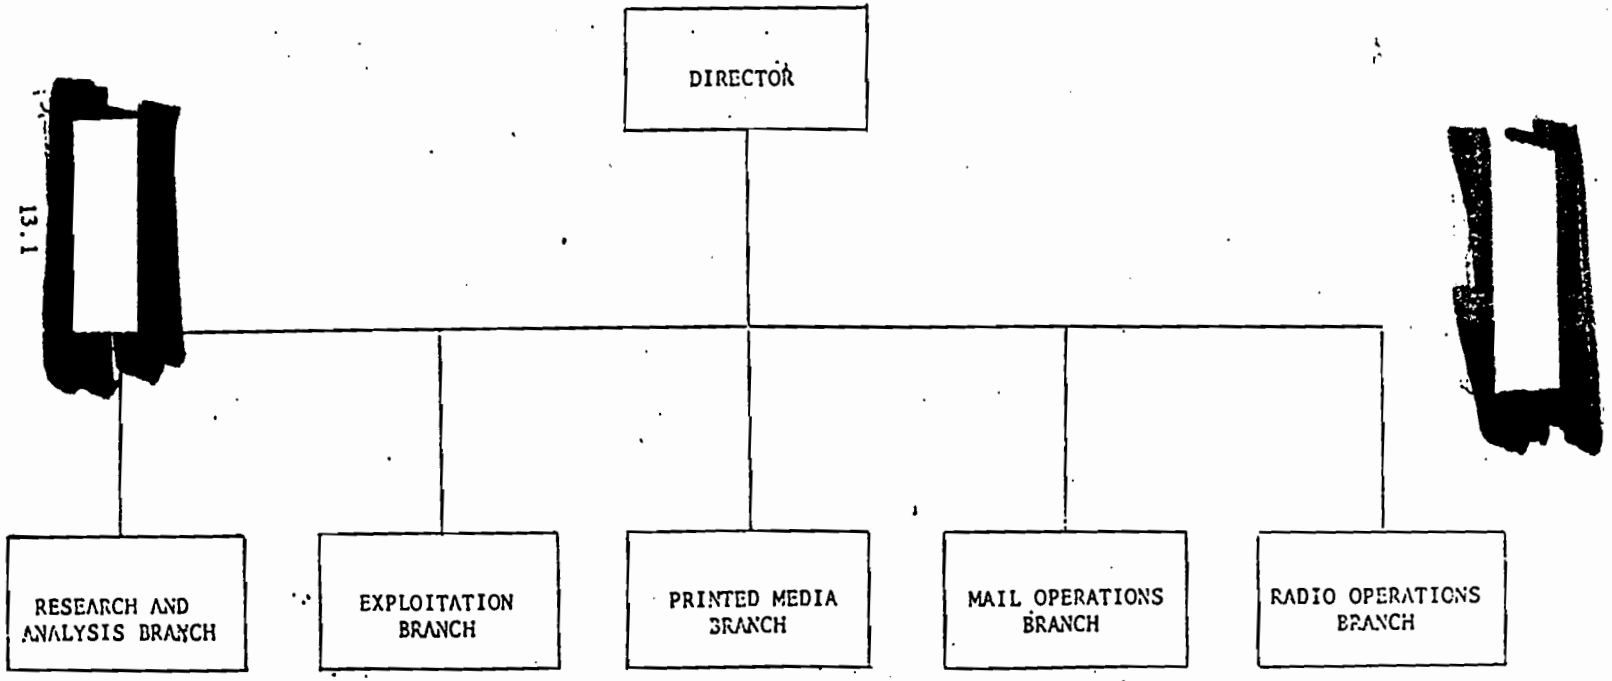

BOAT TRAINING AND REPAIR BRANCH

(U) Provides training teams for Vietnamese boat crews. Maintains and repairs all assigned waterborne vessels. Coordinates with other repair activities for major repairs and overhaul.
